Officers Huff After Horses

And there was this woman peacefully minding her own business driving down Pacific Coast Highway Friday morning about 1 o'clock and what does she see? Three horses. And honest, officer, she hadn't had a drop. No, not really. There they were, just trotting down the road, minding their own darned business.

Because those same three horses today are in custody of the South Bay Humane Society, after an exhausting, three and a half hour chase through the hills surrounding the Hollywood Riviera.

And the two pooped Humane Society officers who played it a la cowboy from Texas (not Hollywood) know those beasts are for real account of they are chopping down great gobots of hay like the hay-burners they are.

Resident Nabs BB-Gun Wielding Youths in Auto

Fast action by a Hollywood Riviera resident netted a carload of teenagers who had been cruising the streets peppering houses and windows with BB shots, according to police.

Harry Moss, of 394 Calle Miramar, told officers that five youths drove slowly past his house and fired several rounds of BB pellets into his house, breaking a window. He and a neighbor rounded up the youths and carted them off to the police station.

Investigators found two BB guns, a long-bladed knife, assorted firecrackers, two red warning lanterns, a steel bar, an 18-inch bolo knife and scabbard, many lengths of rawhide and a length of chain in the auto.

All of the lads reside in Inglewood, police said. Names were withheld by juvenile officers.

Police hoped that the capture might put an end to the wave of window-breaking which has swept the Hollywood Riviera section.

Delta Sigs Win Perpetual Blood Donor Trophy

Women of the Delta Sigma Chi sorority at El Camino College have been awarded a perpetual blood drive trophy in recognition of their donations, which totaled more than any other organization on the campus.

Ruth Mazak, advisor to the Red Cross executive committee, said 43 per cent of the Delta Sigs gave blood. This figure was augmented by an additional 24 pints solicited by the sorority members.

Overall, the El Camino total dropped 13 pints below the quota of 125, but Mrs. Mazak said she "hoped to make the second semester drive bring the total up to last year's 311 pints."

Bouncing Checks Plague Torrance Police Dept.

A rash of bouncing checks plagued the Torrance Police Department in the last few days, as reports on at least a half dozen of the hot papers came flooding in.

John N. Means, who had previously been reported as John W. Means, was back on the books again with a \$5 bad check to Charles V. Jones, 1512 Cabrillo. Earlier, Means had passed one for \$10 to the Food King Market.

Whitless Motors reported receiving a \$30 "piece of paper" from Cecil L. Banta, the cowboy, who was in turn reported in custody in Placer County, with a Torrance police hold on him.

Sav-More, at 23401 Western, reported a check for \$66.47 had been cashed by Walter L. Blair, who police think may be linked with a woman named Blair who is also wanted on charges of issuing fictitious checks.

Detectives Seek Checks Written By William Lowe

Checks written by William Lowe and cashed by Torrance merchants are needed by detectives here to aid them in preparing the prosecution against the alleged suspect, Detective Sgt. Percy Bennett reported yesterday.

Lowe, now in county jail, passed checks throughout the county, some for as much as \$1000, Bennett said. He has been notified that two were passed in this area, and is seeking to find any others.

Merchants who may have had checks returned, signed by Lowe are urged to contact Sgt. Bennett. All were drawn on the North Long Beach Branch, Bank of America, where the suspect had no account, Bennett said.

Harbor City PTA Changes By-Laws

By the adoption of a change in the by-laws, Harbor City Parent Teachers Association authorized the president elect to select the board of directors who will serve under her prior to the new head of the organization taking office annually on July 1.

This was the only major change effected in the group's rules at a meeting held election day at the home of Mrs. George Weeks, parliamentarian, 1612 253rd St. The change was made in order that transfer of the office of president could be made in the smoothest possible manner.

Present at the meeting were Mrs. Leland Van Buren, Mrs. William Tregathan, Mrs. Richard Rozendal and Mrs. Richard Seden.

Three members of the PTA represented Harbor City at the Lomita-San Pedro Council session held Nov. 6 at Torrance. They were Mrs. O. C. Grubbs, Mrs. Seden and Mrs. James Triffon.

CLEANING WOMAN CLEANS UP \$12,500

NEW YORK, N. Y., Nov. 15.—Cleaning women come high these days—but they're coming down. At least one, Mrs. H. L. Fleury, was when she was working one day and the shaly stepping ladder on which she was working gave way. Frankly, she was floored, but not nearly as completely as her employer who she sued for \$12,500 damages—and won.

Shaky ladders, slippery walks, snap-happy dogs and rolling stones (that gather a loss) are just a few of the things that get lots of people in trouble every day. Worthy of note is that there is an organization in town which specializes in taking these worries off your hands. It is called W. E. Bowen, insurance agency, Tor 215. (Adv.)
